Two teams of volunteers were formed; the first team led from 11:00 AM to 1:00 AM and the second team from 2:00 PM to 4:00 PM. Our pupils solely prepared the butter milk in the college under sanitary conditions.

The buttermilk was given out by the volunteers to our college students. And they smiled broadly and welcomed everyone with great enthusiasm. The cooled buttermilk was served to the kids, who appreciated it very much and drank plenty of it to stay hydrated during the hot summer months.

Finally, the NSS-organized program to distribute buttermilk was successful. And we gave the buttermilk to a great crowd of people. It not only offers participants cool drinks, but it also encourages healthy eating selections.
